Education

San Jose State University

Aug. 2023 – May 2027

Bachelor of Science in Data Science — GPA: 3.94(Spring 25) | Cumulative: 3.56

San Jose, California

- **Coursework:** Data Structures and Algorithms, Machine Learning, Advance Python, Processing Big Data, Intro to Artificial Intelligence, Object Oriented Design

Technical Skills

Programming Languages: Python, Java, Bash Scripting

Machine Learning & LLMs: Scikit-Learn, TensorFlow, Hugging Face, OpenAI and Vertex AI APIs,

XAI & Data Analysis: SHAP, LIME, Evidently AI, Pandas, NumPy, Matplotlib, Seaborn

Databases & Monitoring: MySQL, MongoDB, Vector Databases, Grafana, Prometheus

Cloud & MLOps: AWS, Google Cloud, Docker, Apache Airflow, MLflow, Git, GitHub Actions(CI/CD)

Concepts & Frameworks: RAG, Vector Search, Prompt Engineering, A/B Testing, FastAPI,LangChain, LangGraph

Technical Experience

ClauseBit – AI-Powered Privacy Analyzer 🔗

May 2025 – July 2025

Creator

San Jose, California

- Designed an **AI-powered browser extension + web app** to analyze and summarize Privacy Policies and Terms of Service using **user-defined privacy preferences**; led full-stack development and Figma prototyping.
- Developed an **Adaptive RAG pipeline** using **LLM APIs + Vector Search** to identify and explain **risky legal clauses** (e.g., data sharing, dark patterns), enabling **real-time clause-level QA** and summaries.
- Built a self-updating **agentic knowledge base** with on-demand web scraping agents, cutting manual maintenance by **60%** and enriching sparse documents.
- Reduced **hallucinations by 35%** using clause relevance filtering, vector confidence scoring, and fallback rejection.
- Deployed full-stack system on **GCP (Cloud Run, Functions, Firestore)** with **Clerk** authentication, optimizing end-to-end latency to **sub-20s** using chunking, LRU caching, and **async-based concurrency**.

LiveDrift: Drift-Aware Stock Predictor 🔗

Aug 2025 – Present

Creator

San Jose, California

- Built a real-time ML system to forecast short-term stock trends using, **XGBoost**, **yfinance** technical indicators, **news sentiment scores**, and **ESG metrics**, enabling retail traders to anticipate market shifts.
- Developed a **drift detection** module with **Evidently AI**, applying **Kolmogorov–Smirnov** and **Population Stability Index** tests to monitor feature distribution changes and trigger automated retraining.
- Orchestrated the complete ML workflow using **Apache Airflow**, automating ETL, feature engineering, model retraining, and evaluation, while managing versions and metrics in **MLflow** for transparency and reproducibility.
- Deployed the model through a scalable **FastAPI** inference service in **Docker**, hosted on **Google Cloud Run**, with automated deployments triggered via **GitHub Actions**, and monitored performance via **Prometheus & Grafana**.

TripSafe: Traffic Accident Risk Prediction Tool 🔗

April 2025 – May 2025

Team Lead

San Jose, California

- Performed **EDA** and led end-to-end development of a **multi-class accident risk classifier** using 7M+ U.S. accident records, processed via **Bash scripting** for large-scale data cleaning and preparation.
- Defined interpretable risk labels (Low, Medium, High) via **K-Means** clustering; applied **PCA** to reduce dimensionality.
- Balanced class distribution with **SMOTE**; tuned **Logistic Regression**, **SVM**, **XGBoost** via **GridSearchCV**.
- Achieved **95% test accuracy** via **cross-validation** with low log loss; validated generalization using **classification reports** and **confusion matrices**.

Leadership/Extracurricular

Machine Learning Club @ SJSU

Feb 2025 – Present

Lead Outreach and Recruitment Officer

San Jose, California

- Led onboarding and outreach campaigns that increased member retention by **25%** and drove consistent event turnout.
- Monitored and analyzed weekly **engagement metrics** to optimize recruitment strategies and boost participation.

Certifications and Awards

• AWS Certified AI Practitioner

Jun 2025

• Machine Learning A-Z (Udemy)

Jul 2025

• Dean's List, San Jose State University

Fall 2023 – Spring 2024
